Dear Sir/Madam,

Greetings from Digimiles India Private Limited.....!!

We are pleased to inform you that your "Transactional SMS" account is setup and below is the login details:

SMS Account Login details	
Login URL	https://panel.digimiles.in/
Username	wyapaarpay
Password	Digi@123!
Sender ID	WYAPAY
SMS Credits	10,000
API Key	c95DfaxI9CjuRuvb7wvleR2YRg3jE2

Below is a sample working API url for integration:

HEADER	TEMPLATE MESSAGE	Working API Url	STATUS
WYAPAY	Dear User, Welcome to WyapaarPay! You have successfully logged in. Enjoy the services securely and effortlessly.	https://api.aoc-portal.com/v1/sms?apikey=c95DfaxI9CjuRuvb7wvleR2YRg3jE2&type=TRANS&text=Dear User, Welcome to WyapaarPay! You have successfully logged in. Enjoy the services securely and effortlessly.&to=919916011355&sender=WYAPAY	Active

Important points to note:

- SMS should be as per the template registered in DLT. Static part of the message should be 100% match.
- All your DLT approved sms templates must be added on dashboard under Utility Manager > Manage Templates and same being used while sending via API or dashboard.
- To send SMS, use the same Header ID against which the template has been registered.
- Each variable parameter {#var#} holds between 0 to 30 characters, including special characters and spaces. If you are sending any link (website url) in variable or in sms content, actual CTA (url) must be whitelisted on DLT portal under CTA Whitelisting.
- API document attached with Post & GET Curl Request for using SMS api in code.

Kindly use our services and share your feedback.

Thanks & Regards,
Support Team,
